Lumen Building –Wageningen Campus,

Droevendaalsesteeg 3, 6708 PB Wageningen

We cordially invite you to the second annual meeting 'Changing Routes' on the 13th of June in Wageningen. At World Refugee Day 2017 the first annual meeting was organised, where challenges in dealing with present and future global migration streams were explored: bringing together existing networks, building coalitions and putting forward a first agenda. The key findings of 2017 stated 'It is necessary to start actions ' and 'bring knowledge together in concrete situations'. To do so, this year's Changing Routes will focus on actual building further on projects in the field with initiators, partners and supporters.

The envisioned projects are:

- Hosting refugees in Northern Uganda NTU/ADPC- Greenfieldcities pilot Jordan, Greenfieldcities- Social Entrepreneurship UNITAR- Migration and livelihood, Ethiopia.

These projects all want to give an answer to mass migration and develop secure livelihoods for all people, along the chain.
